Summary

I am currently a fourth-semester (B.tech in computer science engineering 2020-2024) student pursuing my graduation from Lovely professional university. I love to do development projects and am keen and passionate to learn new things.

Skills

- Front-End Development
- Video Editing
- GitHub
- ReactJS
- C++

Education

B.tech (computer science)

Lovely professional university • Phagwara, Punjab
07/2024

- Currently completing courses in computer science c++ programming , Frontend Development using (HTML,CSS,JAVASCRIPT) and reactjs framework.
- Completed my first year with an 8.4 GPA.
- Participate in the summer training program which is held by the college in web development.
- Make around 10 to 15 projects during the summer program training our community.
- Also do video editing and digital marketing for the client for 2 months.
- Also love to do the open source projects for the community.

Experience

- I have done a summer training program in the front end - development for 2- months.
- I have done digital marketing and video editing for the client approx 3 and half month.
- I have done the programming for the last 1 year continuously in c++ and python currently work on the project of WasmEdge LFX to fix his issue https://github.com/WasmEdge/WasmEdge/issues/365 in API keys. Check here: https://github.com/Shashanks0616/WasmEdge
